respage + appfolio

✔ CHECKLIST

We built our AI-driven platform in a way that seamlessly connects our suite of AI leasing and marketing solutions. And now that the Respage integration with AppFolio is complete, you can access more data to enhance other features throughout the Respage platform. Just to name a few...

☐ **ResMate AI leasing assistant**
Automate lead response & nurturing with multifamily's most comprehensive AI leasing assistant and chatbot

☐ **Chatbot**
Answer prospect questions 24/7 and convert more leads with industry-leading speed and response accuracy

☐ **Smart Leasing Platform CRM**
Automate 95% of prospect and resident management and use AI-driven insights to predict whether or not residents will renew their leases

☐ **Reputation management**
Provide thoughtful responses to every review on our platform or let our full-service team do it for you

☐ **Review Booster**
Automate review solicitation to get more (and better) apartment reviews

☐ **Social media management**
Plan, review, and analyze your social content with ease on our multifamily-specific social management platform (or let us do it for you)

☐ **Surveys**
Automate your resident surveys to better understand and delight your renters

☐ **Signup**
Boost staff efficiency and make community and event management effortless with our event and amenity scheduler

*While we offer point solutions, we built our AI-driven platform in a way that seamlessly connects those solutions. If you're interested in more than one solution, consider our **Gold Package**.*
